How to get to Sestroretsk Tool Works

If you are travelling by municipal transport:

by **Bus No. 211** from "Chernaya rechka" metro station (travel time is 50 minutes).

by fixed-route taxi-van ("marshrootka"):

No. 305 from "Staraya derevnia" metro station (travel time is 30-40 minutes).

No. 425 from "Chernaya rechka" metro station (travel time is 30-40 minutes).

No. 400 from "Ploshad Lenina" metro station (travel time is 1 hour 10 minutes).

First bus stop after railroad station in Sestroretsk. In front of the turn to ul. Tsemianochnaya.

Train from Finliandskiy Railway Station to station "Sestroretsk" (travel time 45-50 minutes).

You should cross the road and proceed along Tsemianochnaya street (first turn to the right after railroad station), follow ahead until the cross roads after two-floored building and turn right to the factory gate entrance.

If you are driving a car:

Option 1 (through center of city of Sestroretsk)

After railroad station take first turn to the left (Tsemianochnaya street), drive along the residential complex on your right until cross roads on which you should turn right to the factory entrance gates.

Option 2 (through the bridge)

On the first street lights after the bridge turn left to Mosina street, on the next T-shaped cross roads turn left to Voskova street, then take first right (Tsemianochnaya street) and drive along the residential complex on your right until cross roads on which you should turn right to the factory entrance gates.
